

Title: Advancing Neuroscience Futures: A Career Development Workshop

September 7th (Monday), 11:10-13:50

Room 204-205, Daejeon Convention Center, Daejeon, Korea

Registration: KSBNS2026.org

This session is designed to provide practical career development support specifically for doctoral students and early-career professionals in neuroscience. The session focuses on the following goals:

1. Helping attendees build mentor-mentee connections with quick mentor introductions, engaging panel discussions, and a relaxed Meet-the-Speakers social session.
2. Offering job application guidance, tenure-track and promotion strategies, and career promotion strategies.
3. Providing essential tips for writing successful grant proposal.
4. Providing Insights into starting and managing a company.

Organizer

Jaekyung Kim

Assistant Professor
Dept. of Biological Sciences,
Korea Advanced Institute
of Science and Technology
(KAIST)

Gunsoo Kim

Principal Investigator
Sensory & Motor Systems
Neuroscience Group, Korea
Brain Research Institute (KBRI)

Academic Speakers

Inah Lee

Professor
Dept. of Brain and Cognitive
Sciences,
Seoul National University

Min-Young Jung

Principal Researcher
Cognitive Science Research
Group, Korea Brain Research
Institute (KBRI)

Soo Hyun Park

Assistant Professor
Dept. of Brain and Cognitive
Sciences, Korea Advanced
Institute of Science and
Technology (KAIST)

Jeongjin Kim

Principal Scientist
Brain Science Institute, Korea
Institute of Science and
Technology (KIST)

Industry Speakers

June Hahn

Head of Business
Development & Licensing
Korea, Boehringer Ingelheim

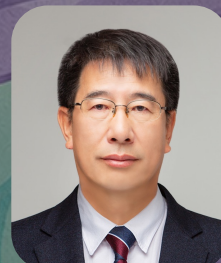

Kiwon Lee

CEO / CTO
Ybrain Inc.

Taeyong Park

Executive Vice President
Galux Inc.

Dongsik Cho

CTO
REMEDI BrainStim
